

Workshop on Scientific Computing

June 12–15, 2014

Department of Mathematics, FNSPE CTU in Prague
Děčín, Czech Republic

The scientific colloquium of CTU organized by the Department of Mathematics, FNSPE CTU in Prague is devoted to the meeting of students and young applied mathematicians dealing with numerical solution of partial differential equations, mathematical modelling, numerical simulation of problems in technology, environment, biology and computer science.

Organizer: J. Mikyška, Department of Mathematics, Faculty of Nuclear Sciences and Physical Engineering, Czech Technical University in Prague,
jiri.mikyska@fjfi.cvut.cz

Scientific committee: M. Beneš, J. Mikyška, T. Oberhuber, R. Fučík

URL: <http://geraldine.fjfi.cvut.cz/wsc2014>

Registration and information desk: J. Mikyška, jiri.mikyska@fjfi.cvut.cz

Venue: Czech Technical University in Prague, Zámecká sýpka (Castle grange), Nároží 6, Děčín, Czech Republic

The workshop is supported by: The research plan of the Czech Ministry of Education, Youth and Sport "Applications of Mathematics in Technical Sciences" of the Czech Technical University in Prague
